NOTIFICATIONS.

No. 11042A.R.—22nd July 1937.—In exercise of the power conferred by sub-section (2) of section 84 of the Government of India Act, 1935, the Governor, after consultation with the Speaker and the President, is pleased to make the following rules:—

**The Bengal Legislative (Joint Sittings and Communications) Rules.**

1. These rules may be called the Bengal Legislative (Joint Sittings and Communications) Rules.

2. In these rules—

(*1*) "the Act" means the Government of India Act, 1935;
(*2*) "Council" means the Bengal Legislative Council;
(*3*) "member" means a member of the Bengal Legislative Council or of the Bengal Legislative Assembly;
(*4*) "President" means the President of the Bengal Legislative Council;
(*5*) "Speaker" means the Speaker of the Bengal Legislative Assembly;
(*6*) words and expressions used in the Act and not defined in these rules shall have meanings assigned to them in the Act.

3. Whenever it appears to the Governor that under the provisions of sub-section (*2*) of section 74 of the Act, both Chambers should meet in a joint sitting—

(*a*) he shall cause a notification to be published in the *Calcutta Gazette* appointing the day, hour and place for the meeting, and
(*b*) the Secretaries of the Chambers shall send to each member of their respective Chambers a summons to attend the meeting

4. If the Bill for the disposal of which a joint sitting has been summoned under the provisions of sub-section (*2*) of section 74 of the Act is not completed on the day appointed under rule 3, the Governor may appoint a day or days for the continuation of the sitting.

5. In the absence of the President, the Speaker shall preside at a joint sitting summoned under the provisions of sub-section (*2*) of section 74 of the Act. In the absence of both the Speaker and the President the Deputy President, or if the Deputy President, is also absent the Deputy Speaker, shall preside. If the Deputy Speaker is also absent the members present shall choose a member to preside.

6. No business other than the Bill for the disposal of which the joint sitting has been summoned under the provisions of sub-section (*2*) of section 74 of the Act, shall be taken up at such a sitting, nor shall any motion for adjournment be permissible.

7. If at any time during a joint sitting summoned under the provisions of sub-section (*2*) of section 74 of the Act less than fifty-two members are present, it shall be the duty of the person presiding either to adjourn the sitting or to suspend the sitting until at least fifty-two members are present.

8. (*1*) At a joint sitting summoned under the provisions of sub-section (*2*) of section 74 of the Act the member in charge of the Bill may move that the Bill as passed by the Council, or if it has not been so passed, as passed by the Assembly, be taken into consideration. If this motion is carried any member may, subject to the provisions of sub-section (*3*) of section 74 of the Act, propose amendments to the said Bill. After the disposal of the amendments, if any, the member in charge may move that the said Bill, with such amendments as are made in the joint sitting, be passed.

(*2*) No motion other than a motion indicated in sub-rule (*1*) shall be admissible in respect of the Bill.

(*3*) For the purposes of this rule "member in charge of the Bill" means, in the case of a Government Bill, any member acting on behalf of the Government and, in any other case, the member who has introduced the Bill.

9. Subject to the provisions of these rules, the rules of procedure and standing orders as modified, adapted and made applicable to the Council under sub-section (*3*) of section 84 of the Act, or the rules made for the Council under sub-section (*1*), as the case may be, and the rules made for the Council under the proviso to the said sub-section shall, so far as may be, apply to joint sittings summoned under the provisions of sub-section (*2*) of section 74 of the Act and to Joint Committees.

10. (*1*) If a difference of opinion arises between the two Chambers in regard to any matter, or if in respect of any matter a Conference between the Chambers is considered desirable, and a resolution is passed in either Chamber that the matter should be discussed at a Conference, a message shall be sent to the other Chamber to inform it of the resolution and to desire its concurrence in the resolution.

(*2*) If the other Chamber agrees, a motion shall be made in each Chamber nominating the members of that Chamber who are to represent it at the Conference. At a Conference each Chamber shall be represented by an equal number of members.

(*3*) Save that the provisions of the rules made for the Council under the proviso to sub-section (*1*) of section 84 of the Act shall, so far as may be, apply, the Conference shall determine its own procedure.

(*4*) The day, hour and place of the Conference shall be fixed by the President.

11. (*1*) If a resolution is passed in the originating Chamber recommending that a Bill should be committed to a Joint Committee of both Chambers, a message shall be sent to the other Chamber to inform it of the resolution and to desire its concurrence in the resolution.

(*2*) If the other Chamber agrees, a motion shall be made in each Chamber nominating the members of that Chamber who are to serve on the Committee. On a Joint Committee equal numbers of members of each Chamber must be nominated.

(*3*) The Chairman of the Committee shall be chosen by the Committee. He shall have only a single vote, and, if the votes are equal, the question shall be decided in the negative.

(*4*) The day, hour and place of the meeting of the Committee shall be fixed by the President, provided that if the business for the disposal of which the Committee has been formed is not completed on the day appointed, the day and hour of subsequent meetings shall be fixed by the Chairman.

12. (*1*) Messages between one Chamber and the other Chamber shall be conveyed by the Secretary of the one Chamber to the Secretary of the other, or in such other manner as the President and the Speaker may agree.

(*2*) Such a message shall be conveyed to the members of the receiving Chamber at the first convenient opportunity—

(*a*) if the said Chamber is in session, by the President or Speaker, as the case may be, or

(*b*) if the said Chamber is not in session, by its Secretary.

13. At a meeting of the Chambers assembled together under the provisions of sub-section (*1*) of section 63 of the Act—

(*a*) the President, or in his absence, the person referred to in rule 5 of these rules shall preside;

(*b*) the President, or in his absence, the person referred to in rule 5 of these rules, shall, throughout the meeting, have all the powers for the preservation of order vested in the President under the rules of procedure and standing orders as modified, adapted and made applicable to the Council under sub-section (*3*) of section 84 of the Act; and

Minor traverse work was also done to the extent of an area of 135 square miles scattered over various districts in the province. In addition, the Survey Department did work of considerable value in comparative mapping, demarcation of boundaries and reproduction of maps. The total number of sheets printed was 11,062.

2. Major settlement operations were in progress in six districts and minor operations in twelve districts. The total area for which a record-of-rights has been completed is now 59,113 square miles out of 65,092 square miles to which the Bengal Tenancy Act applies.

3. During the year, major settlement operations were closed in the district of Malda. The closing stages have been reached in the districts of Burdwan and Hooghly. Operations were in full swing in the districts of Rangpur, Dinajpur and Howrah. In spite of the fact that a large number of kanungoes had to be drafted from settlement to famine relief work, settlement officers were, by careful organization and working later in the field during the year, able to complete their programme. Satisfactory progress was also made in minor operations for re-settlement of land revenue of Government and temporarily-settled estates.

4. During the year under review the privilege of certificate procedure under section 158A of the Bengal Tenancy Act was granted to thirty-one private estates while five more applications for the concession were under the consideration of Government at the close of the year.

5. The popularity of the record-of-rights is increasing, and the district officers are unanimous in considering the maps and records to be of great value in every branch of the administration.

6. Mr. J. B. Kindersley, I.C.S., was in charge of the department till 14th January 1936 and then Rai Bijoy Bihari Mukherji Bahadur for the remaining period of the year. The Governor has much pleasure in acknowledging the efficiency and care with which the department of Survey and Settlement have been managed in the year under review. His Excellency is also pleased to direct that the good work done by the Survey Officer Major C. B. Sexton, the Settlement Officers Messrs. A. C. Hartley, A. B. Chatterji, R. W. Bastin, Rai Bijoy Bihari Mukherji Bahadur, Rai Romesh Chandra Sen Bahadur, Khan Bahadur Syed Moazzemuddin Hussain, Rai Sahib Hira Lal Sen and by other officers mentioned in the last paragraph of the report be recorded.

*Order.*—Ordered that the resolution be published in the *Calcutta Gazette.*

2. Any objection or suggestion which any person may desire to make in respect of the proposed rules should be submitted to the Government of Bengal in the Departments of Public Health and Local Self-Government, before the 19th August 1937, on or after which date the draft rules will be taken into consideration:—

**Draft notification.**

In exercise of the powers conferred by sub-sections (*1*) and (*2*) of section 33 of the Bengal Nurses Act, 1934 (Bengal Act X of 1934), the Governor is pleased to make the following rules:—

**Rules under sub-sections 1 and 2 of section 33.**

*General.*

1. In these rules unless there is anything repugnant in the subject or context:—

"Act" means the Bengal Nurses Act, 1934.

"President" means the President of the Bengal Nursing Council constituted under section 4 of the Act.

"Registrar" includes any person duly authorised to act and acting on his behalf.

(*a*) Words importing the masculine gender shall be taken to include females; and

(*b*) Words in the singular shall include the plural, and *vice versa*.

2. The rules and the forms set out in the Appendix to these rules and all instructions contained in the forms shall be deemed to be part of these rules and such forms or forms substantially to the like effect shall be used in all cases for which the forms are provided.

*Register of members.*

3. *Register of members of Council.*—The Registrar shall maintain a register in Form I of Appendix to these rules in which he shall enter the names of and all the particulars prescribed in the said form in respect of the members constituting the Council.

*Rules for the conduct of election of members of the Council under clauses (k) and (l) of section 4.*

4. The Bengal Council of Medical Registration and the Governing Body of the State Medical Faculty of Bengal, authorised to elect a member of the Bengal Nursing Council respectively under clause (*k*) and clause (*l*) of section 4 of the Act, may, in exercise of that right,

elect from among their members a person proposed by at least one and seconded by at least another member with the consent of the nominee either—

(1) at a general or special meeting of which the notice must specify this particular item, by votes recorded by ballot; or

(2) by circulation of voting papers containing the names of all nominees as aforesaid and by obtaining their return with votes recorded within a specified date.

5. The election will be determined by the largest number of votes polled or, in the case of equality of such largest number polled by more than one nominee, by lot to be drawn in such manner as may be decided by the President of the Bengal Medical Council or the Governing Body as the case may be:

Provided that in case only a single nominee is duly proposed and seconded by either body he will be declared as elected without resort to the process of election.

(Government notification No. 718Medl., dated the 11th February 1936.)

*Under clause (m) of section 4.*

6. The President shall as soon as practicable after—

(a) ninety days before the expiration of the term of office of a member of the Council; or

(b) the place of such member becomes vacant by death or resignation or otherwise than by the expiration of his term of office;

take steps to have the vacancy filled by fresh nomination or election as the case may require.

7. The Registrar or any officer deputed by him to perform or assist him in his duties under these rules shall be the Returning Officer.

8. No less than forty days before the date fixed for the holding of an election the Returning Officer shall prepare and publish a notice in English in the *Calcutta Gazette* and at the office of the Council stating—

(a) the number of persons to be elected;

(b) the constituency for which the election is to be held;

(c) the date on which and the hours between which nomination papers shall be presented to him, an interval of at least seven days being allowed between the date of publication of the notice and the date for presentation of the nomination papers;

(d) the date on which and the time and place at which the nomination papers will be taken up for scrutiny;

(e) the latest day and time at which and the place where the voting papers will be received; and

(f) the day on which and the place and hour at which the Returning Officer will commence the counting of votes.

9. The Registrar shall once a year prepare and publish under section 32 lists of registered nurses, midwives and health visitors which shall respectively form the electoral rolls showing the name, qualification and address of every person qualified to vote for the election of a nurse, midwife or health visitor. Such electoral rolls shall after publication remain in force till the publication of fresh electoral rolls.

10. Any person whose name appears in the electoral rolls may be nominated as a candidate at the relative election.

11. The nomination of every candidate shall be made by means of a separate nomination paper in Form II of Appendix to these rules which shall be supplied free by the Returning Officer to any elector who may apply for the same.

12. (*1*) (*a*) Every nomination paper shall be subscribed by two electors as proposer and seconder.

(*b*) The candidate shall make a declaration expressing his willingness to stand for election.

(*2*) The same elector may subscribe as many nomination papers as there are vacancies to be filled but no more. Each candidate shall be nominated by a separate nomination paper.

Where a person has subscribed whether as proposer or seconder a larger number of nomination papers than there are vacancies to be filled those of the papers so subscribed which have been first received up to the number of vacancies to be filled shall be deemed to be valid. If any of the nomination papers cannot be treated as valid under this rule, all such papers shall be deemed to be invalid.

(*3*) On receipt of a nomination paper, the Returning Officer shall forthwith endorse thereon the date and hour of such receipt. Nomination papers received after date and time appointed by the Returning Officer under these rules for presentation of such papers shall be rejected by him.

(*4*) The rejection of a nomination paper of any candidate on the ground of any irregularity in respect thereof shall not affect the validity of the nomination of the candidate if the candidate has been duly nominated by means of another nomination paper in respect of which no irregularity has been committed.

13. On the date and at the time and place appointed by the Returning Officer for the scrutiny of nomination papers, every proposer and seconder and the candidate nominated may attend and the Returning Officer shall allow them to examine the nomination papers of all candidates which have been received by him as aforesaid.

14. The Returning Officer shall examine the nomination papers and shall either of his own motion or on objection made, decide all questions which may arise as to the validity of any nomination including questions regarding the eligibility of the candidates to stand for election and his decision on all such questions shall, subject to the provisions of rules 31 and 32, be final.

15. If in any case of an election under these rules the number of duly nominated candidates who stand for election does not exceed the number of members to be elected, the Returning Officer shall forthwith declare such candidate or candidates to be elected.

16. If the number of duly nominated candidates exceeds the number of members to be so elected, the Returning Officer shall—

(a) cause the names and addresses of the candidates to be entered in voting papers Form III of Appendix to these rules;

(b) publish the said names and addresses in the *Calcutta Gazette.*

17. Not less than thirty days before the last day appointed for voting, the Returning Officer shall send to each elector one such voting paper by ordinary post and obtain a certificate of posting in token thereof.

Provided that—

(a) If an elector has not received his ballot paper sent by post or if the ballot paper has been inadvertently spoilt in such manner that it cannot be conveniently used or it has been lost, he may, on his transmitting to the Returning Officer a declaration to that effect signed by himself require the Returning Officer to send him a new ballot paper in place of the one not received, spoilt or lost, and if it has been spoilt, it shall be returned to the Returning Officer who shall cancel it on receipt, and

(b) no election shall be invalidated by reason that an elector has not received his ballot paper.

18. The Returning Officer shall notify on the voting papers—

(a) the last day and time appointed by him for voting, and

(b) the day and time appointed by him for the commencement of counting of the votes.

Every elector desirous of recording his vote shall send his voting paper by registered post to the Returning Officer after recording his vote thereon in the manner prescribed therein, provided that voting papers which are not received by the Returning Officer on or before the last date and time appointed by the Returning Officer for receiving voting papers shall be rejected.

19. Any duly nominated candidate may withdraw his candidature by sending to the Returning Officer a written and signed withdrawal at any time before the scrutiny and counting of votes and it shall not be permissible for him subsequently to cancel such withdrawal.

On receiving notice of such withdrawal the Returning Officer shall publish the name in the *Calcutta Gazette* if time permits or otherwise declare the fact before the commencement of counting of votes and any votes which may be or may have been recorded on the candidate's behalf shall be void.

20. On receipt of a voting paper the Returning Officer shall endorse on the cover thereof the date and hour of its receipt.

21. The Returning Officer shall attend for the purpose of counting votes on such date and at such time and place as may be appointed.

22. The Returning Officer will then open the voting papers received and after satisfying himself that the electors have affixed their signatures to the counterfoils shall tear off the counterfoils and place them in safe custody pending disposal under rule 29.

23. The Returning Officer shall, at the time of scrutiny, reject a voting paper which does not comply with the instructions on the voting paper, endorsing the word "rejected" thereon.

24. Every candidate may be present in person or may authorise a representative by writing signed by him, to be present, at the counting of votes.

25. The Returning Officer shall, if requested to do so, show the voting papers which he rejects under rule 23 as well as other voting papers but not the counterfoils to the candidates or to their representatives.

26. When the counting of votes has been completed, the Returning Officer shall forthwith declare to be elected the candidate or candidates, as the case may be, to whom the largest number of valid votes has been given.

27. If any objection is made to any voting paper or to its reception or rejection by the Returning Officer, such objection shall be decided at once by the Returning Officer whose decision shall, subject to the provisions of rules 31 and 32, be final.

28. When an equality of votes is found to exist between any candidates and the addition of a vote will entitle any of the said candidates to be declared elected, the determination of the person to whom such additional vote shall be deemed to have been given shall be made by lot drawn in the presence of the Returning Officer and of the candidates or their representatives in such manner as the Returning Officer may determine.

29. Upon the completion of the counting and after the result has been declared by him, the Returning Officer shall seal the voting papers and all other documents relating to the election and shall keep the same in safe custody for a period of six months and thereafter cause them to be destroyed.

30. (1) The Returning Officer shall communicate the result of the election to the President, who will then report it to the Local Government for requisite action under section 6 of the Act.

(2) The Returning Officer shall in all cases publish the names of the elected candidate or candidates in the *Calcutta Gazette*.

31. The Council may, of its own motion or on objection made in writing by any elector including a candidate, declare any election, that has been held to be void on account of corrupt practice (*e.g.*, bribery, undue influence, personation, publication of false statements) or any other sufficient cause, and may call on the President to take steps to hold a fresh election under these rules within a specified time, and any decision of the Council under this rule shall be final and shall not be liable to be questioned by suit or other legal proceedings.

32. (1) If any question arises as to the interpretation or application of these rules, the question shall be referred to the Council whose decision shall be final and shall not be liable to be questioned by suit or other legal proceedings. Pending the decision of the Council or any such reference to it or the issue of any final orders on any enquiry

which the Council may institute upon receipt of information that an election is being or about to be held in contravention of the rules, it shall be lawful for the Council to direct the stay of the election proceedings at any stage thereof prior to the declaration of the result. Any election held or continued in contravention of the orders of the Council under this rule shall be void and be of no effect whatsoever.

(2) Unless it is otherwise ordered by the Council, election proceedings stayed under this rule shall on cancellation of the stay order, proceed from the stage at which they were stayed on fresh dates to be fixed.

33. Despite difference in the dates of election of members prior to a reconstitution of the Council, their term of office shall begin on the date on which it is notified by Government under section 6 of the Act.

42. The President may thereupon cause a written explanation to be called for from the respondent. If the President is satisfied that a *prima facie* case has been made out against the respondent, he may himself proceed with further investigation and take further evidence, taking, if necessary, the advice and assistance of a legal practitioner, or he may appoint a Committee of the members of the Council to make such further investigation and take such further evidence.

43. When the President or the Committee, as the case may be, considers that a case for further enquiry has not been made out, the President or the Committee may decline to proceed with the matter and shall report their action to the Council at its next ordinary meeting.

44. When the President or the Committee, as the case may be, considers that a case for further enquiry has been made out, the Registrar shall send by registered post to the respondent a notice in writing in form V of the Appendix to these rules specifying the nature and particulars of the charge against her, and informing her of the time and date and place of the meeting at which the case will be heard by the Council, and requiring her to send or deliver to the Registrar

her certificate not later than the date on which the hearing takes place. Such notice shall be sent by registered post to the registered address of the respondent as given by her in her application or as set out in the register and shall be posted so as to allow at least twenty-one days to elapse between the date on which the notice is posted and the date fixed for hearing.

45. In any case in which it is proved by the certificate of a Court that a conviction has not been subsequently quashed on appeal, the President shall inform the Council of the facts of the case, and the Council may forthwith, and without further enquiry, order the removal of the name of the registered nurse, midwife or health visitor charged and convicted, or the exclusion of a candidate seeking registration from the Register.

46. The case shall be heard at a meeting of the Council, of which at least seven days' notice shall be sent by the Registrar to each member of the Council and the respondent shall be entitled to be represented by a friend or by a legal practitioner, provided that if she intends to be represented by a legal practitioner, not less than seven days' notice of such intention shall be given to the Registrar.

47. At the hearing of the case, the Registrar or other person appointed by the Council for the purpose shall first state to the Council the facts of the case and the charge made against the respondent, and shall then submit to the Council the evidence received in support of the charge and the respondent or her representative shall be invited by the President to address the Council and to tender evidence in answer to the charge and the Registrar or other person appointed by the Council for the purpose shal be entitled to cross-examine any witness tendered in answer to the charge and to reply on the whole case, after the respondent or her representative has replied. The respondent shall also be entitled to cross-examine any witness tendered in support of the charge in the same way as the Registrar or other person appointed by the Council is entitled to cross-examine a witness tendered in answer to the charge.

48. If the respondent does not attend either in person or by a representative, the Council may proceed to hear and determine the case in her absence.

49. Upon the conclusion of the case the Council shall after consideration of the evidence, whether oral or documentary, pronounce its decision forthwith or at a later date in writing or at a subsequent meeting.

50. If the Council finds the charges against the respondent to be proved either wholly or in part, it may refuse to include her name in the Register or may remove her name from the Register permanently or for such period as it thinks fit.

51. The Registrar shall forthwith communicate the decision of the Council to the respondent by registered letter addressed to her registered address.

52. In the case of a temporary removal of the respondent's name from the Register, the Registrar shall delete her name from the Register in which it is included during the period of such temporary removal and shall retain her certificate. In the case of permanent removal, the Registrar shall delete the respondent's name from the Register in which it is included and cancel her certificate.

*Section 33(1).*

53. (*a*) Nurse, Midwife or Health Visitor may apply for the removal of her name from the Register. Every such application shall bear evidence that it is being made at the applicant's own request and of her own free will, and shall be signed by the applicant herself and be accompanied by a declaration made by the applicant in the presence of two witnesses who shall be Magistrates, Ministers of Religion, registered medical practitioners or registered nurses, midwives or health visitors able and willing to identify the applicant and to give evidence as to her character and who shall state explicitly whether or not they are aware of any proceedings or of any reason for the institution of proceedings which might result in establishing any cause for the removal of the applicant's name from the Register without her consent or of depriving her without her consent of any qualification or diploma or certificate she may hold and entitling her to be registered.

(*b*) The Registrar shall bring such application together with the documents in support thereof before the next meeting of the Council at which the application and any objection thereto shall be considered.

The Council shall then consider whether there is any valid objection to such removal and if it finds no valid objection thereto shall remove the applicant's name from the Register.

(*c*) The Council may require the applicant to verify by an affidavit or declaration on oath before a Magistrate any statement made in her application, or any further statement which it thinks necessary and may, if it thinks fit, require the applicant to attend in person at a meeting of the Council at which the matter is to be considered.

(*d*) If, upon consideration of the application and of the evidence furnished in support of it, the Council is satisfied that the name of the applicant should be restored to the Register, it may direct the

## NOTIFICATION.

**Khulna.**—No. 2624P.H.—27th July 1937.—In exercise of the power conferred by clause (*j*) of sub-section (*2*) of section 101 of the Bengal Village Self-Government Act, 1919 (Bengal Act V of 1919), the Governor is pleased to make the following rules for the regulation of the supply of filtered water to private holdings for domestic use in the Bagerhat union in the district of Khulna:—

### Rules.

So long as the union board deems it practicable and consistent with the maintenance of an efficient water-supply, it may grant to any owner or occupier of a holding paying a union rate imposed under the provisions of Chapter V of the Bengal Village Self-Government Act, 1919, at an enhanced rate for the supply of water amounting to not less than Rs. 3 per quarter, a connecting pipe from the service-pipes of the union board for the purpose of leading water to such holding for domestic use only.

1. For the purpose of these rules "holding" shall mean building or buildings with the land appertaining thereto held under one title or agreement and surrounded by one set of boundaries.

2. The owner or occupier of any holding requiring water to be laid on to such holding for domestic use must apply for the same on the printed form "A" to be supplied free of cost at the union board office. The conditions subject to which connection to a holding will be given are set out in the form, and the owner or occupier shall sign the statement undertaking to observe the rules before a house connection will be given.

3. A fee of Rs. 125 shall be paid to the union board by such owner or occupier for each connection to a union board main supply-pipe before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

4. Each holding must have a separate connection to the union board main supply pipe, and an extension from the communication pipe of one holding to another holding shall not be permitted, and combination of the holdings for the purpose of these rules shall not be allowed.

5. The connection shall consist of two portions—

(*a*) the service-pipe from the street main to the boundary of the holding, including ferrule, stop-cock and check-pipes;

(*b*) the storage tank (or tanks) with service-pipe connecting to it from the boundary of the holding, also outlet pipes, taps and other accessories as required.

6. The items referred to in clause (*a*) of rule 5 shall be provided and fixed by and at the expense of the union board, and such pipes and fittings shall remain as its property.

7. The items referred to in clause (*b*) of rule 5 shall be provided and fixed at the expense of the owner or occupier and shall be maintained by him in good working order. The tank is to be suitably covered and protected and is to be provided with locked lid, ball-valve, stop-valve and overflow pipe. The inlet and outlet pipes shall be so laid that they may be protected from sun heat.

8. The owner or occupier shall not permit the service-pipe, including the items referred to in clauses (*a*) and (*b*) of rule 5 or any part thereof, to be altered, removed or interfered with by any person other than an authorised representative of the union board, who shall be empowered by the board to alter or adjust the service-pipe as may from time to time be necessary for the maintenance of the requisite flow of water. No tapping (or branching off) of the service-pipe shall be allowed except at a level approximately the same as that of the ball-valve.

9. The tank referred to in rule 5 (*b*) shall be durable and watertight and the cover, overflow pipe, and other accessories shall be so constructed that mosquitoes cannot enter the tank. The ball-valve and the other fittings shall be exact duplicates of standard samples kept in the office of the union board and approved by the board at a meeting. The storage tank or tanks shall be cleaned and sterilized quarterly at the expense of the owner or occupier under the supervision of an officer of the union board.

10. Every storage tank shall be fitted with an overflow-pipe, the end of which shall project over the wall of the building and shall be placed in a conspicuous position. Discharge of water from the overflow pipe means that the ball-valve is failing to function, and the owner or occupier shall notify the waterworks officers every time he finds such discharge occurring.

11. Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to a supply of water corresponding to the quarterly amount of union rate payable, according to the following table:—

| Quarterly amount of union rate. | | | | Daily quantity of water to which entitled. |
|---|---|---|---|---|

For consumers paying more than Rs. 18 per quarter as union rate, the number of gallons of water to be gvien per day shall be calculated as—

$\frac{200\times}{9}$ the quarterly union rate payable (in rupees).

12. If additional water is required over and above the supply of water referred to in rule 11, requisition shall be made for the same to the union board in form C. The requisition shall be for a period of not less than one year, and payments shall be made in advance for the whole year at the rate of one pie per 10 gallons of additional water per day requisitioned.

When the above conditions have been complied with, the union board shall have the connection to the holding adjusted so as to enable the additional water to be supplied, the adjustment of the connection and the payment being based on the particulars furnished by the applicant in form C.

13. In case the owner or occupier requires for a special occasion or for any other purpose more water than the amount to which he is entitled according to rule 11 or according to a combination of rules 11 and 12, he may apply to the union board in form B (obtainable at the office of the board free of charge) for a temporary connection. On receipt of the application, together with the costs as provided in rule 13, the union board shall forthwith instal within the compound and at a level of two feet above ground an additional storage tank (or tanks) of 300 gallons capacity with ball-valve and two taps fixed to each tank. It shall connect the same to the street main by a service-pipe or pipes, and do all other work necessary to commence and maintain the supply.

The union board shall keep in stock a number of tanks, with pipes, fittings, and other accessories for the above purpose.

15. The payment referred to in rule 13 shall be made once a week. In case the owner or occupier fails to make the payment weekly, the union board or its officers may at once stop the supply of water through the temporary connection and remove the storage tank or tanks, temporary service-pipe, and other accessories.

16. Two or more such temporary connections may be taken, if required, on payment of additional costs and weekly charges.

17. The union board may cut off the connection between any waterworks of the board and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, viz. :—

# Annual Report of the Royal Botanic Garden and the Gardens in Calcutta and of the Lloyd Botanic Garden Darjeeling, for 1936-37.

## Royal Botanic Garden.

1. **General.**— Records of steady attention to garden routine have alternated with periods in which special attempts have been made to improve the general aspect of the garden and its collections. The garden continues to attract its visitors in increasing numbers. This is especially true of the Indian community. They come by all routes and by all means of locomotion, but there is naturally a tendency to avail oneself more and more of the improved road facilities that now exist, and while visitors arriving by boat or steamer show no evidence of growing fewer, those arriving by car have certainly increased.

The garden roads were never intended for the heavy traffic that daily passes over them. In this sense the Calcutta gardens must be unique. In most gardens of similar dimensions and with similar objects the visitor passes on on foot after having left his conveyance at the gate. The restrictions placed upon him to gardens read very much alike wherever one goes. In some he is instructed to keep off the grass. His enjoyment must be obtained from the roads and pathways. He is allowed to look at but not to handle exhibits and such offences as plucking flowers, treading on beds and borders, birdnesting and so on are all provided against in the bye-laws. Custom and long precedent has allowed greater latitude to the visitor to Sibpur. Except to some of the nursery plant houses he can wander where he likes ; he picnics anywhere and takes his music with him, he plays cricket, badminton and tennis and he even lights fires in approved spots when he wishes to cook his food. It is all to the benefit of the garden in that greater public enjoyment and therefore support is ensured and on the whole it must be said the latitude allowed is not taken advantage of. But the freedom does throw responsibilities on the staff that are escaped by many gardens and undoubtedly that which exercises in most is the obligation of keeping the roads in a state fit for the present day heavy wheeled traffic. Garden routine during the year has in consequence alternated with what has been the most far reaching attempts yet made to cope with this difficulty. Some of the main roads have been given a foundation that will stand up to cars while a macadamised surface to prevent the dust nuisance has rounded off the improvement. Where the improvements have been carried out the beneficial effects are marked. They would be still better if all owners of cars would remember that a garden is not a speed track. It will take time to complete road work, however, for what provision goes in this direction has now to be spared from resources intended for the garden itself.

Provision for one major work, however, is no longer a drain on garden funds. The river bank revetment is now almost completed. It has been a long and costly business and it is well that it went over to a department qualified for it. Only minor additions and repairs to the bank remain.

A scheme is under preparation for a new pontoon, the existing structure having worn out beyond economic repair after a life of over 20 years.

The monsoon began early but was normal in duration and there were no untoward effects to plants from climatic causes during the year. Annuals were late and were scarcely up to the standard of previous years but considerable variety was yet grown with fair success as was evidenced from the position Sibpur plants took in horticultural shows. Efforts towards additions to the garden of trees and shrubs not represented have been continued. This has been a special feature of garden work for some years now for the collections are not as rich as they might be although individually some very fine specimens are represented. Additions have been to the open, to rockeries, to plant houses and to the reserve collections housed in the nurseries.

Rock gardens in Bengal apart from those in the hills are seldom staged in the open ; the climate of the plains militates against such location. It is more usual to find them in shaded houses and the garden houses have all the usual aspects and variety of plants selected for such staging. Its rockeries in the open are rarer. They have had their full share of attention during the year as the following additions show :—

*Verbascum giganteum, Turnera ulmifolia var. elegans, Zanthoxylum martinicense, Cyclamen sp., Primula malacoides, Fatsia japonica, Kalanchoe sp., Rudbeckia Californica, Passiflora atropurpurea, Azalea sp., Saxifraga atropurpurea, Iris japonica, Anemone japonica, Rumex sanguineus, Montbretia sp., Tibouchina sp., Hydrangea japonica, Kerria japonica, Achimens sp., Zamia pumila var. latifolia, Zamia floridana, Saxifraga sarmentosa, Heliconia rosea, Heliconia striata, Euonymus patens, Kniphofia aloides, Salvia coccinea, Sagittaria saggitifolia, Miconia Hookeriana, Cleome pungens, Clidemia vittata, Narcissus, Talinum sp., Convolvulus major, Gladiolus,* of sorts, *Epiphyllum, Achillea sibirica, Aster sp.* (creeping daisy) and *Clematis Jackmanii.*

Not all are typical rock garden plants but the drier conditions possible in the mounds of rock gardens allow of attempts at the cultivation of plants that would not otherwise have much chance of success. In the new Rockery the following are reported to have flowered nicely :—*Aster novae-belgii, Portlandia grandiflora,* species of *Geranium, Saxifraga, Narcissus, Verbascum, Anemone, Cyclamen* and *Camellia.*

No fewer than 847 perennials, trees, shrubs or climbers, were planted out to permanent situation in the open. They include the following list new to or ill-represented in our collections :—

*Hibiscus hirta, Fugosia hakeaefolia, Canarium rufum, Lantana salvifolia, Lantana Sellowiana, Passiflora capsularis, Ficus aurea, Morina sp., Paranephelium, Citharexylum sp., Carya sp., Catalpa Kaempferi, Meratia praecox, Jasminum dichotomum, Calophyllum Calaba, Eugenia coronata, Grewia populifolia, Chamaedora Elatior, Orania phillippinensis, Normanbya sp., Clematis Virginiana, Cassia spectabilis, Aristolochia Goldieana.*

The palm houses and the orchid house were put into thorough repair while the addition of a large number of Eastern Himalayan orchids, collected under the writer's supervision from Mungpoo, added to the wealth of Orchid bloom when the hot weather came in. It is to be hoped that the new experimental tank near the flower garden will lead to our being able to eliminate or overcome those conditions that retard or destroy the development of some Nymphaea and especially of Victoria. This last certainly grows more freely in Calcutta than it does at Sibpur. It is possible that the slight differences in salinity of the water are responsible just as the difference between Barrackpore and Calcutta soils, for instance, allow of the former being much better suited to

the cultivation of Roses. Amongst horticultural efforts the propagation of Magnolia Pterocarpa and the continued artificial pollination of Amherstia call for special remark. Although the quantity of seed obtained was small it was of sound condition and as the demand for it is great the initial efforts towards its production may eventually lead to a better distribution of this, the most beautiful of all flowering trees.

The vistas and open spaces of the garden were all kept in lawnlike condition. Machinery has made this possible to an extent that was not thought of some years back. During the cold and early hot season the garden is livened up by the colour of flowering annuals, but it would be improved at other times by greater masses of bedding material like Cannas.

One of the most commendable attempts at improvements during the year has been the Curator's effort to replace and straighten plant labels in certain of the divisions. This should be continued till the whole garden is treated, for although we suffer from what must be wilful and ill-intentioned destruction nothing looks worse in a garden than distorted and illegible labels. The improvements effected catches the eye so strikingly that this work must go on to completion. In respect of general cleanliness, in respect of its lawnlike conditions, in the matters of colour, variety and number of flowering annuals and of other content the garden is richer than it used to be.

2. **Plant and seed exchange.**—No fewer than 1,194 packets and 7 lbs. of seed were distributed to botanical and horticultural institutions throughout the world. Every continent is represented in the list of recipients and we have had supplies from most in return. For horticultural and roadside planting 5,381 plants were despatched and over 2,000 were received from various places.

3. **Herbarium and Library.**—Work in the herbarium continued along the usual lines, the opportunities for identification of collections and for the study of special groups of systematic importance being freely availed of. Identifications on some 3,500 specimens were carried out, heavy collections arriving from the Bhutan and the Sikkim Himalaya. An interesting collection that of Dr. Helfer made between 1836-1840, was reported on for the botanical museum at Prague which has housed the material, but which lacked sufficient Indian material to allow of useful comparisons and safe identifications. Material help and information on plants of economic importance added to the variety of work claimed from the herbarium staff. Information on the Artemesias, the source of Santonin, on the Nutmeg of commerce, on Papaver, on Schizolobium, on Poinciana and on plants harmful to the Tea plant come to mind in this connection.

There was an unusually large number of specimens on loan. This is mainly due to the work of Mr. Biswas at Kew and of Mr. Mookerji at Edinburgh. All our Labiateae have gone out to the latter, while Mr. Biswas has had several cases of material including the ferns, the nomenclature of which he is revising and the material of which he is bringing up to proper herbarium standard. Smaller quantities have been with the authorities at Dehra Dun, at Singapore, at the British Museum and at Shillong with Mr. Pur Kayastha of the Assam Forest Service. Besides the above, 54 specimens of living and specially preserved material of particular species of plants and plant parts, herbarium duplicates and photographs of particular plants were supplied free to specialists in and out of India. Amongst these figure flowers of *Magnolia*, photographs of *Ficus, Bauhinia* and *Kydia* species, specimens of aquatic plants, ferns, materials of *Salvinia*, copies from Roxburgh's Icones and preserved material of the common *Coniferae* of the Eastern Himalaya.

Returns of loans to the herbarium include 767 sheets of Primula from Edinburgh, 18 sheets of Crepis loaned to the University of California and 283 sheets of Brassica loaned to the Economic Botanist, Cawnpore. All these were reincorporated. One sheet of Rheum Inopenetum came from H. H. The Maharaja of Sikkim.

Under exchange account 108 sheets of Asiatic Palms from Singapore and 41 sheets of various flowering plants from Buitenzorg were notable additions.

An interesting acquisition to the herbarium is a sheet of the acquatic *Aldrovanda vesiculosa* presented by Dr. J. C. Sen of the Presidency College, Calcutta. This is interesting in two ways, namely, that it has not been collected since Dr. Roxburgh first discovered it in the Salt Lakes near Calcutta in the beginning of the 19th Century and that it has now been collected from Vikrampur, a locality removed by several hundred miles from its place of first occurrence. The writer's Sumsing Forest collections numbering some 400 have been added to the herbarium. Some 3,541 specimens were mounted and 1,292 sheets put into the herbarium. 340 covers, generic and specific, were renewed. Work on the aquatic plants for the Malaria Survey of India went to the Press again and should be out during the year. The Curator of the Herbarium contributed short notes on "Two new flowering plants", "Muddy water of the river Hooghly", "Resume on the literature on medicinal plants" and "Association of some common algae with animals in Indian Waters". The budget allotment for purchase of journals and books for the library was spent in full, 30 journals or periodicals and 17 books being purchased. 62 volumes were received back from loan leaving 26 volumes still out at the end of the year. Some 170 volumes were bound. Library authorities are grateful for the receipt of some 96 numbers of miscellaneous journals, kindly presented by Sir David Prain and by Lt.-Col. A. T. Gage.

4. **Publications.**—Volume XIV, Part 1 of the Annals of the Royal Botanic Gardens dealing with the genus Dioscorea by Sir David Prain and Mr. Burkill was published during the year. Part II of the same work is still in the Press.

5. **Finance.**—Out of the total budget allotment of Rs. 53,311 for staff and permanent establishment Rs. 53,198 were spent and under all other heads the expenditure amounted to Rs. 46,650 being practically the full allotment for the year. There was a net saving of Rs. 116 after a few reappropriations to excesses had been effected.

The sale-proceeds of surplus plants and seeds and minor forms of revenue realised Rs. 2,224.

6. **Staff.**—The writer held the post of Superintendent throughout the year. Mr. K. Biswas was Curator of the Herbarium from 1st April to 8th September 1936. He was on study leave out of India from 9th September 1936 to 31st March 1937. Mr. T. D. Srinivasan was Officiating Curator of the Herbarium from 9th September 1936 to 1st January 1937, and Mr. V. Narayanaswami, Systematic Assistant to the Botanical Survey of India, was Officiating Curator of the Herbarium from 2nd January to 31st March 1937.

Mr. N. Mitra was Curator of the Gardens throughout the year while Mr. Md. Quasem Ali was Assistant Curator from 1st April 1936 to 23rd February 1937. He was on leave from 24th February 1937 to 31st March 1937.

Mr. K. S. Joneja was Overseer from 1st April to 5th November 1936, when he was transferred to the Government Cinchona Plantation, Mungpoo. Mr. Gholam Mohiuddin was Overseer from 6th November 1936 to 31st March 1937.

Mr. A. T. Banerjee was Head Clerk throughout the year.

## CALCUTTA GARDENS.

Owing to the late advent of the cold weather and the prolonged rains the year under review has been one of late flowering winter annuals attendant with a shorter period of bloom. Otherwise, the display has been satisfactory and an increased number of annuals in pots were colourfully staged at various vantage points of the lawns and lake in the Eden Gardens. The Dahlias have been worthy of remark. The introduction of some distinctive bulbs and seeds, under special methods of culture, proved immensely successful, some of the individual blooms attaining a size of 10" to 12" in diameter, as witnessed and appraised by many of the visiting public. Six pots of Freesias bloomed shyly but this is encouraging. The Victoria regia in the Eden Gardens exceeded expectations in that there were 30 plants, some of their leaves averaging over 5 feet in diameter, and 15 plants were put out in the Dalhousie Square tank. Over 700 flowers were recorded. The success of this is largely due to constant attention to its no easy propagation. The interest evoked from these giant water lilies was apparent from the photo-prints and descriptive paragraphs published in the leading Calcutta daily papers. Under experiment, one of the plants actually supported a bucket of water weighing 22lbs.

Great attention was given to the returfing of a large section of the lawn near the Bandstand in the Eden Gardens. The new lawn was most satisfactory but owing to its popularity, where crowds of the public enjoy their evening walk, it has been somewhat difficult to maintain its uniform smoothness and verdancy. There are always loiterers who will persist in walking on it after a heavy shower of rain, leaving deep indentations all over the softened surface.

As much as was possible, with the limited funds available, has been done towards the aesthetic, horticultural and sanitary improvement of the three gardens during the year. In addition to the general routine work numerous flowering shrubs and trees were planted out, sections of hedges refilled, storm damaged trees pruned and trimmed, flower beds treated with lime, short cuts across lawns minimised, and Court measures taken against those offenders who have wilfully abused the privileges of these gardens. Aerial roots of the central Banyan tree were treated during the rains and four of these have now struck ground soil. A cemented drain 150 feet long by 2 feet wide was laid along the south side of the Coolie Lines—a much needed improvement—to mitigate the insanitary conditions existing there. Funds not permitting, the completion of another 200 feet of this drain has had to be held in abeyance. The drainage from the premises of the Calcutta Cricket Club was also another standing problem, but a personal interview with the authorities of the Club resulted in a concrete drain being made by the Club to run from their premises into the lake. Hitherto, the water used to lie stagnant in the ride nullahs.

In recent years the eradicating of ants and other destructive grubs from the nursery beds has meant a steadily rising expense. Their pestilentia incursions are accountable for no small proportion of seedling loss, and, in

conjunction with the unsatisfactory waterproofing qualities of the "hoogla" coverings during the rains, these losses are considerable. To minimise them and ensure a higher percentage of plants for bedding out, 2 concrete vats for seed-sowing and transplanting have been constructed in the nurseries, each with a surrounding drain to act as a moat. It is in view to ultimately cover these vats with wired-glass of local manufacture and to dispense with the recurring expenditure of "hooglas". Repairs were done to the greenhouse, and the propagation of *Orchids*, *Ferns*, and other flora within, consistently improved and augmented. The *Vandas* of recent purchase from Sikkim gave magnificent blooms while the *Cattleyas*, *Cypripediums*, *Dendrobiums*, etc., flowered throughout the year in their respective seasons with pleasing perfection.

Visitors who have inconsiderately dragged benches across the Eden Garden lawns, thereby ruining the turf, have now been countered by the erection of immovable benches, the legs of which are embedded in concrete blocks. Eighteen of these benches have been so fixed in shady and convenient sites of the garden. The benches in the Dalhousie Square Gardens will also have to be fixed in this manner during the following year.

Both the Royal Botanic and the Eden Gardens have been fortunate this year as the location of the objects of public benefaction. Although the work in neither is yet finished to the satisfaction of the donors, tube wells for the provision of drinking water for the public have been sunk in both. Opportunity is taken here to thank those Indian gentlemen through whose beneficence the long felt want of drinking water is at last about to be satisfied.

A section of this report must reiterate the annual grievance arising from the Eden Garden bugbear—the "Jheels". There is never sufficient money to tackle wholeheartedly a systematic dredging of these lakes, and year by year the silt is accumulating, especially at the South end where the mud is now practically at water level. Moreover, the growth of aquatic weeds is progressing alarmingly and the hygenic question must be seriously faced by the Public Health Department in their anti-malarial campaign. The reasonable recommendation by the Government Entomologist of a separate grant for the continual dredging and cleanliness of these lakes has not yet materialised. In the meanwhile, with the limited labour and time at the Assistant Curator's disposal, the jheels are receiving the maximum attention.

The number of Football and Cricket enthusiasts have literally increased by some thousands during the last few years and to say that 75 per cent. of them flow through the Curzon and Eden Gardens is no exaggerated estimate, and amongst them there is always a recalcitrant element who deliberately trample down flower beds and growing hedges. Within our own jurisdiction, it is incumbent on the Garden staff to act daily as policemen to prevent damage but it is quite impossible to cope with the colossal crowds that stampede through to the major matches. The north and south boundary walls of the Eden Garden are too low to prevent breaking through and jumping over, and a necessary deterrent is most imperative. Sections of the hedges along these ends and that of the one surrounding the Calcutta Cricket Club grounds are in a deplorable condition, despite the fact that they were generously replanted up earlier in the year. Their state is wholly due to the above abuse. A raising of the existing walls or the fixation of spiked iron railings—both works outside the competency of garden officers—would seem to offer the only solution to a growing abuse.

**Finance.**—Out of the total grant of Rs. 32,973 under all heads there was a small net saving of Rs. 10 only. Receipts which are mainly from fishing dues but which of recent years have been added to by fees from Cinema Companies allowed to stage scenes amounted to Rs. 58.

**Staff.**—Mr. Merlin Jones was Assistant Curator from 1st April 1936 to 29th March 1937, except for 30th and 31st March 1937, when he went on leave.

Mr. J. A. Hulbert was Overseer, Government Gardens, Calcutta, throughout the year. He was in charge of the Calcutta Gardens during the absence on leave of Mr. Jones.

## LLOYD BOTANIC GARDEN, DARJEELING.

Work in the Lloyd Botanic Garden undisturbed by abnormal climatic conditions followed the usual routine throughout the year. The rain measurement recorded was 128·69 inches being in excess of the average. Some damage is reported from frost and from individual heavy rainfalls but nothing beyond what could be easily repaired. The rock garden to which the Curator has given special attention of recent years has been extended towards the south. Additions to it mostly of alpines have been liberally made as the following list shows :—

*Rhododendron campanulatum, Rhododendron vaccinifolium, Arabis alpina, Aubrietia Campbelli, Heracleum sublineare, Luculia gratissima, Luculia pinceana. Disporum calcaratum, Disporum pullum, Niremberqia Hippomanica, Smilacina fusca, Smilacina oleracea, Polygonum speciosum, Polygonum amplexicaule, Polygonum chinense, Polygonum molle, Polygonum tortuosum, Rumex acetosella, Geranium polyantha, Sarcopyramis nepalensis, Lysimachia evalvis, Brunella vulgaris, Fragaria vesca, Swertia tibetica, Cynanchum vincetoxicum, Senecio Mortoni, Senecio pachycarpus, Senecio graciliflorus, Parnassia nubicola, Viola diffusa, Galium triflorum, Aster diplostiphioides, Majus dentatus, Ranunculus affinis, Lloydia serotina, Hygrophylla polysperma, Ajuga macrosperma, Potentilla peduncularis, Lycopodium serratum, Tiarella polyphylla, Chirita urticaefolia, Gentiana elliptica, Androsace Hookeriana, Androsace Poisoni, Androsace coronopifolia, Thalictrum Dipterocarpum, Primula obtusifolia, Spirea aruncus, Sambucus niger, Calanthe alpina, Calanthe odora, Calanthe brevicornu, Calanthe masuca, Cremastra Wallichiana, Impatiens spirifer, Impatiens arguta, Agathea coelestis, Strobilanthes divaricatus, Globularia trichosantha, Erinus alpinu, Alyssum saxatile, Alyssum serpyllifolium, Helinium sp., Crawfurdia speciosa, Iris Clarkei, Genista canariensis, Gazania splendens, Antennaria Margaritacea Epilobium roseum, Erica, Rheum accuminatum, Delphinium vestitum, Hutis tinctoria, Lychnis alpina, Kaulfussia ameloides, Horminum pyrenaicum, Anagalis grandiflora, Linaria alpina, Diascia Barberae, Calamintha alpina, Campanula turbinata, Anthemis tinctoria, Spergula pilifera, Sedum coeruleum, Didimocarpus pulchra, Leontopodium sibericum, Armeria formosa, Adenophora Bulleyana, Doronicum caucasicum, Rubus niveus, etc.*

Some 56 beds for common Himalayan plants arranged according to their families have been prepared for the benefit of students who visit the garden. Annuals in beds and potted plants flowered freely amongst others the following new to or rare in the garden :—*Meconopsis superba, Meconopsis simplicifolia, Primula peteolaris, Primula denticulata, Primula sikkimensis, Palygonum amplexicaule, Polygonum speciosum, Saxifraga hispidula, Caltha palustris, Calanthe brevicornu, Calanthe odora, Asphodelus luteus, Genista Daisyhill,*

*Iris ensata*, *Iris Clarkei*, *Aster diplostiphioides*, *Aster tricephalus*, *Nirembergia frutescens*, *Nirembergia Hippomanica*, *Smilacina fusca*, *Smilacina oleracea*, *Disporum calcaratum*, *Globulaira trichosantha*, *Impatiens arguta*, *Impatiens spirifer*, *Agathea coelestis*, *Senecio graciliflorus*, *Gentiana ornata*, *Potentilla Griffithii*, *Anaphalis triplinervis*, etc.

*Meconopsis superba* is probably the most noteworthy. It flowered from seed, said to be for the first time at the Lloyd Botanic Garden. The young trees and shrubs have all been attended to as usual by manuring, pruning and clearing of the dead parts and by replacements. Several labels of plants that have become effaced have been rewritten and fixed up. Some 225 young plants were planted out to permanent situations in the garden during the year. Of these *Melilotus indicum* and *Disporum pullum* are new additions. A receipt of 361 packets of seed is recorded amongst which a lot of 42 packets from the Imperial University, Taiwan, is the most noteworthy. The following distributions were made:—seeds, 5,382 packets, seedlings 10,479, plants 237 and bulbs 48. The Curator reports a list of successful germinations of seed received from correspondents the individual item of which, however, need not be recorded. The usual repairs and paintings of garden seats, shelters, gates, fences, etc., have been carried out while the conservatory and glass houses have been made watertight.

A tour for the collection of alpines mainly for distribution purposes was undertaken by the Curator to Karpanong and Changu to Kapup and Jalep La. The proximity of the Lloyd Botanic Garden to areas providing the botanist with a chance of rare alpines calls for a special adaptability in this respect from its Curator. Successive Curators have maintained a high standard of work in this collection and distribution. It is work that calls for a standard of botanical knowledge combined with energy and physical fitness for it is no easy matter to reach the pathless heights and brave the elements where the rarest of nature's treasures often bloom. The gate register showed a total of 50,644 visitors to the garden during the year and the garden authorities took their usual full part in efforts to make the annual Darjeeling Flower Show a success.

**Finance.**—The net budget allotment was Rs. 15,935 for all purposes. O' this Rs. 15,783 were spent.

**Staff.**—Mr. S. N. Basu was Curator, Lloyd Botanic Garden, Darjeeling, throughout the year.

## Resolution on the Reports of the Sanitary Board and of the Chief Engineer, Public Health Department, for the year 1936.

### GOVERNMENT OF BENGAL.

### DEPARTMENT OF PUBLIC HEALTH AND LOCAL SELF-GOVERNMENT.

**Public Health.**

RESOLUTION—No. 2627P.H.

*Calcutta, the 27th July 1937.*

Read the Reports of the Sanitary Board and of the Chief Engineer, Public Health Department, for the year 1936.

It is a satisfactory feature of the year under review that although financial stringency prevented Government from making the usual grants from provincial revenues towards the cost of municipal sanitary projects, the municipal boards, as a whole, were able to devote greater attention to the problems of water-supply, sewerage and drainage in urban towns, and continued to finance such projects by means of loans and local contributions. As a result, there was a considerable expansion of the work of the Engineering Branch of the Public Health Department during the year and a great deal of progress was made in investigations into and preparation of new water-supply, drainage, sewerage and other sanitary schemes.

Sketch projects for schemes estimated to cost Rs. 28,47,350, detailed projects for Rs. 14,54,300 and detailed estimates and plans for miscellaneous works estimated to cost Rs. 2,90,861 were prepared during the year against Rs. 28,33,230, Rs. 7,93,765 and Rs. 1,65,867, respectively, under these heads in the preceding year. The total capital expenditure on sanitary engineering schemes during the year was Rs. 6,27,121 (viz., Rs. 5,70,472 on waterworks and Rs. 56,649 on drainage and sewerage works) as against a total of Rs. 3,31,062 (viz., Rs. 2,13,789 on waterworks and Rs. 1,17,273 on drainage and sewerage works during the preceding year.

2. The department continued to render valuable assistance to the municipalities and other local authorities in the shape of inspection and advice as well as of supervision, where found necessary or when called upon to do so.

In particular, the department was called upon to examine and approve schemes of water-supply based on tube-wells proposed to be financed by district boards out of loan funds, as Government were satisfied that owing to faulty methods of construction and want of attention to the details of maintenance, there had been, in the past, a considerable waste of public money when such schemes had been undertaken and financed out of district funds or grants and loans from Government.

3. Government desire to invite particular attention to paragraph 18 of the report of the Chief Engineer, Public Health Department, and trusts that municipalities intending to undertake water-supply projects for their towns will readily agree to have their schemes designed on the decentralised storage system of distribution recommended by the Chief Engineer, in view of the relative advantages of this system—

(*a*) as providing a better method of checking waste of water in public water-supplies, and

(*b*) as ensuring protection against the risk of contamination of such supplies.

4. The Sanitary Board, the membership of which increased from 15 to 16, held seven meetings during the year under review and examined various projects of sanitary engineering before their submission to Government. The Board also considered the reports of inspection made by the departmental officers and reviewed periodical reports on the

analysis of samples of water from various sources in the province and suggested remedial measures, where necessary. They also advised Government in regard to the control of malaria—particularly in undertaking anti-ludlowii survey and control measures in the vicinity of Calcutta.

5. During the year, the Board formed a sub-committee consisting of the following members to investigate the possibilities of extending the system of water-supply by tube-wells for irrigation purposes:—

(1) Mr. T. A. Curry, Chief Engineer, Cummunication and Works Department (Irrigation),

(2) Colonel F. C. Temple, C.I.E.,

(3) Rai Dr. G. C. Chatterji Bahadur.

(4) Dr. R. B. Lal, Director of the All-India Institute of Tropical Medicine and Hygiene, and

(5) F. C. Griffin, Chief Engineer, Public Health Department.

6. Government desire to convey their thanks to the members of the Board for the valuable advice given by them during the year under review.

**BEFORE THE COMMISSIONERS APPOINTED UNDER PARAGRAPH 4, PART III, GOVERNMENT OF INDIA (PROVINCIAL ELECTIONS) (CORRUPT PRACTICES AND ELECTION PETITIONS) ORDER, 1936.**

NOTIFICATION.

Pursuant to the provisions of Rule 30(2) of the Bengal Legislative Assembly and the Bengal Legislative Council Electoral (Election Expenses and Election Petitions) Rules, 1936, the following election petition presented under Rule 26 thereof is published for information.

Dated 2nd August 1937.

G. D. MCNAIR,
*President.*

TO HIS EXCELLENCY SIR JOHN ANDERSON, P.C., G.C.B., G.C.I.E.,
*Governor of Bengal.*

In the matter of a petition to set aside the election of Khwaja Sir Nazimuddin to the Bengal Legislative Assembly from the Calcutta North (Muhammadan) Urban Constituency in the Bengal election held on the 25th February 1937

and

In the matter of election petition for decision of doubts and disputes as to the validity of an election.

Name—Muhammad Siddiqui.

Address—Anjuman Ketra, Kalabagan, 22/4, Mechuabazar Street, Calcutta, voter No. 1280, petitioner,

*versus*

Khwaja Sir Nazimuddin, 7, Hungerford Street, Calcutta.

The humble petition of the elector abovenamed most respectfully sheweth:—

1. That Your Excellency's petitioner resides at Anjuman Ketra, Kalabagan, 22/4, Mechuabazar Street, Calcutta, and is and was a duly qualified voter from the Calcutta North (Muhammadan) Urban Constituency for the election of a member to the Bengal Legislative Assembly from the said constituency in the General Election held on 25th February 1937 last.

2. That Your Excellency's petitioner had his right to vote at the said General Election.

3. That the candidates for the said election from the said constituency for one seat were (1) Khwaja Sir Nazimuddin and (2) Khan Bahadur Fazlul Karim.

4. That at the said election, the abovenamed Khwaja Sir Nazimuddin was declared duly elected, the other contestant for the same seat being Khan Bahadur Fazlul Karim.

5. That Your Excellency's petitioner has reasons to believe that the said election was not a free election by reason of undue influence having been exercised or bribery committed by or on behalf of the said Khwaja Sir Nazimuddin, but for which facts the result of the election would have been otherwise.

6. That Your Excellency's petitioner therefore prays that Your Excellency may be graciously pleased to appoint three competent persons as Commissioners for the trial of this petition for setting aside the said election and set aside Khwaja Sir Nazimuddin's election on the following amongst other grounds:—

*Grounds.*

(1) For that at the polling station at Bankshall Police Court under the Presiding Officer Khan Bahadur Obeidul Bari a number of "dead" votes, and votes in the name of persons who were not actually voters and had no right to vote, were improperly and illegally recorded by false impersonation in favour of Khwaja Sir Nazimuddin, the candidate said to be elected from the said constituency. The Khilafat volunteers who were actually not voters recorded their votes in favour of Khwaja Sir Nazimuddin by falsely impersonating themselves as voters of the said constituency by giving false names and voters' numbers. This was challenged by Sabir Hussain, the Polling Agent of Khan Bahadur Fazlul Karim, the other contestant for the seat.

(2) For that it is reported that though Your Excellency's petitioner could not actually go to the polling station on account of undue interference on the part of Khwaja Sir Nazimuddin's men to record his vote in favour of the rival candidate, a vote in his name and bearing his voter number was recorded.

(3) That by or on behalf of said Khwaja Sir Nazimuddin large sums of money were distributed in cash to several leading and influential voters in connection with the said election in order to improperly induce or influence them to vote for said Khwaja Sir Nazimuddin. That a statement of the names of the parties who have committed this corrupt practice of bribery together with dates and places thereof will be submitted later on after the appointment of the Commission. Your Excellency's petitioner reluctantly keeps back the said details for the present as otherwise Khwaja Sir Nazimuddin who is a Minister in charge of Law and Order will, it is apprehended, have enough time to exert his influence and power to coerce and intimidate them.

(4) That besides a large number of other leading and influential voters of the said constituency were attempted to be bribed by or on behalf of said Khwaja Sir Nazimuddin. A list of names of the parties thereto is kept back for the present for reasons given above.

(5) That on 25th February 1937 at several polling stations duly authorised persons on behalf of said Khwaja Sir Nazimuddin actively canvassed a number of voters within the enclosure of the said polling booths to vote for said Khwaja Sir Nazimuddin and threatened them with dire consequences if they did not vote for him, though canvassing within the enclosure is strictly prohibited.

(6) That on the date of polling the said Khwaja Sir Nazimuddin, who was at the time a Member of the Executive Council of Your Excellency, visited the different polling stations with the express purpose of utilising his exalted position as such for bringing undue pressure and influence to bear upon the leading and influential voters by holding out to them hopes of distributing patronages to them in the shape of titles and services. A list of names of persons to whom such hopes were held out will be presented before the Commission.

(7) That the day before the election was held, persons on behalf of Khwaja Sir Nazimuddin took a large number of voters to mosques and by playing upon their religious sentiments improperly induced them to swear in the mosques that they (the voters) would only vote for Khwaja Sir Nazimuddin. Such persons are men of influence who coerced voters by religious threats to vote for Khwaja Sir Nazimuddin. Their names will be supplied later on.

(8) That in return of election expense submitted by said Khwaja Sir Nazimuddin the following are either false or irregular or not permissible and hence the election is liable to be set aside by reason thereof:—

That the total amount of expenditure incurred by Khwaja Sir Nazimuddin over his election from the said constituency has not been really shown. That a much bigger amount than actually shown in this return was expended.

(9) The requisite chalan is annexed herewith.

I solemnly affirm that the statements made above are true to my knowledge, belief and information, and I sign this verification today at my house at Anjuman Ketra, Kalabagan, 22/4, Mechuabazar Street, Calcutta, after going through them—22nd April 1937.

*List of corrupt practices.*

1. Money was paid to individual voters by Khwaja Sir Nazimuddin's men.

2. Attempts were made to bribe influential persons of the constituency concerned.

3. Promises were made to influential leaders to secure for them titles of Khan Bahadur and Khan Sahib.

4. Promises of appointments under the Government were made to relatives of influential voters.

5. Khilafat volunteers and local goondas were set up to drive away the electors who did not agree to record their votes in favour of Khwaja Sir Nazimuddin.

6. Moulanas were employed to administer spiritual censure to those voters who would not agree to vote for Khwaja Sir Nazimuddin.

7. Circulars, placards and posters having reference to the election which did not bear the names of printers or publishers thereof were issued in favour of Khwaja Sir Nazimuddin and distributed in the constituency concerned.

8. That the return of election expenses made by Khwaja Sir Nazimuddin is false in material particulars.

9. For some days before the election sumptuous dinners were arranged for the voters of the constituency concerned at the house of Mr. Sahid Suhrawardy, M.L.A.

I solemnly affirm that the statements made above are true to my knowledge, belief and information, and I sign this verification today at my house at Anjuman Ketra, Kalabagan, 22/4, Mechuabazar Street, Calcutta, after going through them—22nd April 1937.

*Details of corrupt practices.*

The following are details of some of the corrupt practices committed by Khwaja Sir Nazimuddin, his Election Agent, his canvassers and other persons with the connivance of Khwaja Sir Nazimuddin or his Election Agent:—

(A) That a very large number of votes were recorded in favour of Khwaja Sir Nazimuddin in the names of voters who were either dead or absent from Calcutta on the day of voting or in the names of fictitious persons which happened to appear in the Electoral Roll of the constituency. Applications for voting papers in the names of such voters were made by the canvassers, workers and supporters of Khwaja Sir Nazimuddin as a part of a conspiracy which his canvassers and workers hatched to secure his election and which Khwaja Sir Nazimuddin and his Election Agent abetted by giving their consent or conniving at it. The following are some of the specific instances:—

1. At the Polling Station at the Bankshall Police Court, vote was recorded in favour of Khwaja Sir Nazimuddin in the name of one Mohammadbhai Abdul Hassan of 3, Sukeas Lane, being a voter No. 1103 in the Male Voters' List of Ward No. 7. This Mohammadbhai Abdul Hassan was not in Calcutta on the day of voting. Application was made for a voting paper in the name of this voter by a supporter of Khwaja Sir Nazimuddin with the knowledge or connivance of his Agent who was at the Polling Station.

2. At the same Polling Station vote was recorded in favour of Khwaja Sir Nazimuddin in the name of one Korban Hossain Hasan Ali of 28, Strand Road, voter No. 1055 of the Male Voters' List of Ward No. 7, who was not present in Calcutta on the date of voting. In this case also a supporter of Khwaja Sir Nazimuddin procured the voting paper in the name of the voter in his absence with the knowledge of the Agent of Khwaja Sir Nazimuddin who was at the Polling Station on his behalf.

3. In the Male Voters' List of Ward No. 7, voter No. 1133 entered as "C. A. Mohammad" is a fictitious name, and there is no person of this name at 15, Synagogue Street. But a supporter of Khwaja Sir Nazimuddin procured a voting paper in this fictitious name with the knowledge of his Agent at the Polling Station (Bankshall Street Police Court) and recorded a vote in his favour.

4. At the Polling Station at Charakdanga High English School, a vote was recorded in favour of Khwaja Sir Nazimuddin in the name of S. K. Shahjahan, being voter No. 530 of Ward No. 28, although he was absent from Calcutta for a long time in his native village Amama, police-station Rezaul, district Gaya. Voting paper was procured in this voter's name in his absence by one Abdur Rezak of the same locality who was a canvasser of Khwaja Sir Nazimuddin with the knowledge of his Agent at the Polling Station.

5. At the Polling Station a vote was recorded in the name of Sk. Akbar, being voter No. 312 of the Male Voters' List of Ward No. 28, although he was absent from Calcutta on the voting day. This voter is a blind old man unable to move about and has been at his native village Amama, police-station Rezaul in Gaya district for a long time. A voting paper in his name was procured by one Mokbul of the same locality and a paid worker of Sir Nazimuddin with the knowledge of his Agent at the Polling Station.

(B) Large sums of money were paid to the electors with the full knowledge and consent of Khwaja Sir Nazimuddin by his Agents as gratification of voting in his favour. This bribery was most rampant in Ward Nos. 28 and 29 where almost all the voters who had voted for Khwaja Sir Nazimuddin were paid moneys. Some specific instances of such bribery are given below:—

1. Mohammad Alauddin of 3, Chamaru Singh Lane, who is a voter, being No. 317 in the Male Voters' List of Ward No. 28, was paid Rs. 300 by the Election Agent of Khwaja Sir Nazimuddin at the former's residence two days before the election for securing his own vote as well as those of his followers at the locality.

2. Kalimuddin Choudhury, an influential man of Manicktola area, was paid Rs. 500 by the Election Agent of Khwaja Sir Nazimuddin two days before the election at the former's residence. This Kalimuddin Choudhury distributed this money among the voters who voted for Khwaja Sir Nazimuddin.

3. This Kalimuddin Choudhury on the morning of the voting day asked the voters over whom he has influence to go to his house and on their going there they were paid Rs. 2 each for voting for Khwaja Sir Nazimuddin. Among others the following voters received money from Kalimuddin Choudhury and voted for Khwaja Sir Nazimuddin:—

Maula Buksh, Male Voter No. 313 of Ward No. 28.

Shaik Ramzan, Male Voter No. 314 of Ward No. 28.

Md. Isakhan, Male Voter No. 324 of Ward No. 28.

Shaik Rahmatulla, Male Voter No. 333 of Ward No. 28.

4. Munshi Elahi Baksh of 3/4, Narikeldanga Main Road, an influential man of Narikeldanga, who is a voter himself, being voter No. 502 (Male) of Ward No. 28, was paid Rs. 100 for his own vote as well as for securing the votes of his followers on the day previous to the election.

(C) Promises were made by Khwaja Sir Nazimuddin and his Election Agents to many influential voters in the constituency to the effect that if they voted and otherwise helped for securing the election of Khwaja Sir Nazimuddin, title of honour would be secured for them by exercising the influence which he was possessing then as Member of His Excellency the Governor's Executive Council and would possess in future as a Minister, which, as was represented to the people he was sure to get provided he was elected.

1. Promise was made to Khwaja Abdul Ghani, an influential voter, residing at 24, Munshi Sadaruddin Lane, to confer upon him the title of Khan Bahadur as a reward for his support to the candidature of Khwaja Sir Nazimuddin.

2. Promise was made to Khan Sahib Maulvi Subed Ali Molla of 13, Chaudney Chawk Street, being a voter No. 158 in the list of Male Voters of Ward No. 10, to confer upon him the title of Khan Bahadur as a reward for his support to Khwaja Sir Nazimuddin.

3. Promise was made to Mr. Yakub H. A. Sattar, voter No. 750 of Ward No. 8 and an Honorary Magistrate of Calcutta Police Court, that the title of Khan Bahadur would be given to him as a reward for his support to Khwaja Sir Nazimuddin.

4. Promise was also made to the following to reward him with the title of Shifa-Ul-Mulk:—

Hakim Nasar Ahmed, voter No. 2001 of Ward No. 10.

(D) Promises were made to a large number of men by Khwaja Sir Nazimuddin and his Agents to the effect that if they supported Khwaja Sir Nazimuddin their sons and relations would be provided under the Government, and by these means they were induced to vote and otherwise support Khwaja Sir Nazimuddin. The following are some of the instances:—

1. Mohammad Saliman, a voter No. 522B of Ward No. 28, was promised by Khwaja Sir Nazimuddin a service under the Government and by that promise induced this voter to vote for Khwaja Sir Nazimuddin.

2. Promise was made by Khwaja Sir Nazimuddin to provide a relative of a voter named Tamizuddin Choudhury, of 167, Dharmatala Street, voter No. 353 of Ward No. 10, and by this promise he was induced to support the candidature of Khwaja Sir Nazimuddin.

(E) Propaganda was carried on on behalf of Khwaja Sir Nazimuddin that whoever wants to be known as a Mussalman should vote for him. This propaganda conveyed his impression that unless one votes for Khwaja Sir Nazimuddin he would cease to be a Mussalman and therefore would be a sinner. Placards containing the words: "Vote for Khwaja Sir Nazimuddin, a servant of Islam," were displayed prominently everywhere.

Propaganda was also carried on throughout the constituency by Maulanas that if the Mussalmans did not vote for Khwaja Sir Nazimuddin and voted for the other candidate who was said to be set up by the Congress, they would become "Kafirs" and would be rendered objects of Divine displeasure. Pamphlets were distributed in the name of Jamiat-Ul-Ulema, under the signatures of Maulana Abdur Rauf Danapuri and Maulana Abu Bakar of Furfura as also of Maulana Ahmad Sayed by which Mussalmans were led into believing that if they did not vote for Khwaja Sir Nazimuddin they would be rendered objects of Divine displeasure.

The canvassers of Khwaja Sir Nazimuddin also declared that Khan Bahadur Fazlul Karim, retired District Magistrate of Jessore, was set up by the Congress, which was false and by this false propaganda people who were opposed to Congress were induced to vote for Khwaja Sir Nazimuddin.

At a meeting held at Chandney Chawk and attended by Khwaja Sir Nazimuddin two days before the election and at a meeting held one day before the election at Mirzapur, this propaganda was preached and impression was created that if the Muslim voters did not vote for Khwaja Sir Nazimuddin they would be object of Divine displeasure.

On Friday, previous to the election, members of the Peshawari community in Calcutta were taken to the mosque in Mechuabazar Street by one Molla Jan Mohammad, a canvasser of Khwaja Sir Nazimuddin, and were made to swear in the name of God that they would vote for Khwaja Sir Nazimuddin. Many of them were willing to vote for the other candidate later on but they were told by Molla Jan Mohammad and others that as they took oath in the mosque, they would be rendered objects of Divine displeasure if they did not vote for Khwaja Sir Nazimuddin. Similar tactics were adopted in other places also. Khilafat volunteers took prominent part in taking the voters to the mosque on the pretence of religious meeting and obstructed them from coming out until and unless they took oaths as mentioned above.

(F) Return of the election expenses is false in material particulars as it does not contain many items of expenditure incurred by Khwaja Sir Nazimuddin in connection with the election.

The following are some of the specific instances where items have been deliberately suppressed:—

1. All-India Muslim League Parliamentary Board of Bengal which raised a large sum of money by subscriptions from the Mussalmans paid to Khwaja Sir Nazimuddin through its President Nawab Khwaja Habibulla Bahadur of Dacca and its Secretary Mr. H. S. Suhrawardy, over Rs. 5,000 for election expenses which has not been shown in the return.

2. On the election day motor cars with petrol were given to Khwaja Sir Nazimuddin by the following persons among others:—

(i) Mr. M. A. Ispahani, 7, Ezra Street—2 cars.

(ii) Mr. Adam Oosman, 7, Bolai Dutt Street—1 car.

(iii) Messrs. Jewan Buksh Ferozuddin, 7, Colootola Street—1 car.

(iv) Messrs. C. A. Mohammad, 15, Synagouge Street—1 car.

(v) Khan Bahadur Azizul Huq, 21, London Street—1 car.

(vi) Mr. S. C. Mitter, Director of Industries—1 car.

(vii) Mr. Syed Munzer Morshed, Assistant Secretary, Education Department—1 car.

(viii) Mr. P. K. Mukherjee, Pleader—1 car.

3. A large number of persons travelled throughout Calcutta on the day of election and on some previous days also in connection with the election of Khwaja Sir Nazimuddin in motor cars. But the expenses have not been shown anywhere. The following are some of the instances:—

(1) Mr. M. H. Ispahani.

(2) Mr. H. S. Suhrawardy.

(3) Khwaja Abdul Ghani.

(4) Khan Bahadur Syed Abdul Hafez.

(5) Nawab Khwaja Habibulla Bahadur.

(6) Mr. K. Sudderuddin and others.

4. At every Polling Station light refreshments were provided to the voters as well as to the canvassers and workers. But expenses on this account have not been shown.

5. Tea and biscuits were supplied to people who attended a meeting at the residence of Mr. H. S. Suhrawardy on the 15th and thereabout by Khwaja Sir Nazimuddin, but expenses on this account have not been shown.

Attempts were made by supporters of Khwaja Sir Nazimuddin to procure the voting papers of voter Nos. 318, 511, 521, who are dead of Male Voters' List of Ward No. 28 at the Polling Station Charakdanga High English School with the knowledge of the Agent of Khwaja Sir Nazimuddin who was present at the Polling Station.

Petitioner begs leave to submit further particulars later on before the Commissioners.
